FOR IMMEDIATE RELEASE

IMMEDIATE LANE CLOSURE NORTHBOUND INTERSTATE 15

BARSTOW - The California Department of Transportation (Caltrans) is immediately closing northbound I-15 at Lenwood Road to facilitate repair of the asphalt on the northbound lanes. Repairs are being made by alternately closing two lanes at a time. The number one and two lanes will close first to allow for repair, then the number three and number four lanes will close. The Lenwood Road exit will remain open.

The limit of the work zone is approximately 2000 feet long. Cones are placed on the roadway to direct traffic to the two open lanes. Be prepared to merge. It is estimated that repairs will be completed by 4 PM today.

Caltrans anticipates minimal delays. We thank you for your patience and your consideration during this operation. The speed limit will be reduced to 50 MPH through the construction zone. Caltrans advises motorists to drive safely, cautiously and to-
ALWAYS SLOW FOR THE CONE ZONE!
